SUMMARY

Motivated Computer Science graduate currently pursuing a Multi-Cloud Computing course with hands-on exposure to AWS and Azure. Skilled in Python, cloud fundamentals, and basic DevOps practices, with experience building and deploying real-time applications. Passionate about cloud infrastructure, automation, and scalable system design.

EDUCATION

Christ College of Science and Management, Malur

Bachelor of Science (Computer Science)

2022 – 2025

Govt Higher Secondary School, Bagalur

Higher Secondary Education

2022

EXPERIENCE

Technical Consultant

Rats Technologies

Jan 2025 – Dec 2025

Hosur

- Provided technical support and guidance to students and clients
- Assisted in training sessions on computer fundamentals and communication skills
- Troubleshooted system and application issues to ensure smooth project execution

Junior Web Developer Intern

Rats Technologies

Aug 2024 – Sep 2024

Hosur

- Developed and deployed web applications to improve user interaction and data processing
- Built a Student Feedback Analysis System for efficient data collection and reporting
- Performed debugging and testing to improve application performance and reliability
- Collaborated on UI/UX improvements and project delivery

PROJECTS

VegMart – Web Application | Sep 2025 – Dec 2025

- Developed an online vegetable store using HTML, CSS, and React
- Designed responsive UI for better user experience
- Deployed application using Vercel

Student Feedback Analysis System | Jan 2025 – Feb 2025

- Built a web-based system for managing student feedback
- Improved data processing and usability
- Focused on performance optimization and UI improvements

Open Elective Project | Aug 2024 – Sep 2024

- Developed dynamic web pages with frontend and backend basics
- Worked on database handling and system performance improvements

TECHNICAL SKILLS

Cloud Platforms: AWS, Microsoft Azure (Learning – Multi-Cloud)

Operating Systems: Linux, Ubuntu

DevOps Tools: Git, GitHub, Docker, Ansible

Networking: TCP/IP, DNS, HTTP/HTTPS, Basic Networking Concepts

Frontend: HTML, CSS

Programming: Python

Design Tools: Figma, Canva, Photoshop

CERTIFICATIONS

AWS Cloud Practitioner Essentials

Introduction to UI/UX

Introduction to HTML & CSS

Git and GitHub

TRAINING

Multi-Cloud Computing (AWS, Azure, DevOps, Linux & Networking) – Ongoing (Cloud Institution, Bangalore) • Learning core cloud services across AWS and Azure • Hands-on with AWS (EC2, S3, IAM), Azure fundamentals, and basic DevOps tools • Gained hands-on experience in Linux administration and networking • Understanding multi-cloud architecture and deployment basics

LANGUAGES

English, Tamil, Kannada, Telugu
